

Grazalema and Guadiaro Grand Tour

Mountain Bike - Moderate to Challenging

This route is an extension of our Grazalema Natural Park circular ride, providing more singletrack and finishing at the picturesque Cueva del Gato waterfall and pool.

After initially exploring the Sierra de Grazalema, as per the Grazalema Natural Park ride, we head off through the cork oak forests on a twisting single track route to get us to the

Hundidero valley. Passing the white village of Montejaque we have a couple of route options which give us a technical or non-technical descent into the Guadiaro valley, from where we follow the river to the Cueva del Gato, a local beauty spot where an 8km subterranean river exits the mountains, creating a waterfall and clear pool of (very cold) water.
